

*The common program of the two partner communities was improved this year by presenting the theme of active participating to encourage citizens to become more involved at European level, thus contributing to the development of an active European citizenship and raising awareness on the values and rights of Union citizens and the benefits of being members of the EU especially learning about participation of European citizens in the democratic life of the EU, discussing the equal opportunities in political life. The program included an overview of the concept of European citizenship and European Union, which was supported by partners from Hungary, being a member of the EU earlier than Romania. The event`s program is structured on active participation of the partners as the central object the European Union`s enlargement. The event was structured on two axes as follows: participation of representatives of organizer communities as well as the partner towns at the Days of Vargata Commune holding lectures, presentations, quizzes related to the European Union, its history and benefits as well. In the other part there was organized a memorial day for the 100th anniversary of the First World War, which included one day where commemoration were held .*

*The program lasted for 3 days and at the Days of the commune, promoters took part at cultural programs, at debates on the EU strategy on which that composition maintained and developed the partnership which has an effect on the lives of the local community.*
